# International Freight Forwarding L3

Our Level 3 International Freight Forwarding programme is designed for Employees that are required to effectively manage international freight trade across multiple methods, giving them the skills and knowledge to exceed in this role.

This Apprenticeship is for International Freight Forwarding Specialists who are employed within the Air, Road or Ocean pathways to ensure that the company they work for, and their clients remain compliant with all applicable customs, import and export laws and regulations.

Key responsibilities could include a variety of tasks on a daily basis such as shipment bookings; creating the appropriate documents; liaison with carriers; ports and handling agents; transport requirements; sales quotations; invoicing; financial procedures; as well as the many customs processes and regimes applied in transit.

## Overview of Programme

Below are examples of what the Apprenticeship may include.

- International Freight Movement
- Customs procedures
- Business finance and freight costing
- Customer service
- Specific pathway choice of Air, Ocean or Road

## Assessment | End Point Assessment

To successfully complete the Apprenticeship, each Apprentice must pass an independent End Point Assessment, which includes:

- 🍃 Multiple Choice Test
- 🍃 Observed Role Simulations
- 🍃 Professional Discussion

Successful outcome will be graded as either Pass or Distinction.

## Delivery structure

Apprentices have access to modular content, online live delivery or classroom workshop, e-learning, videos, case studies, all delivered via online learning platforms or in the workplace.

They will also receive review calls or visits with a dedicated Tutor Assessor.
